

STUDENT NOTES

Subject Specific Career

Name: _____

Date: _____

Period/Block: _____

Part 1: Choose a career to read about that relates to your course

Select 1 of the articles that your teacher has provided to learn more about a career that relates to the course you are taking. Write down the key to the right somewhere on the first page of your article and mark your article based on the key as you read.

Part 2: Research the career further using CareerVillage & other Internet resources

1) Use the Search function on CareerVillage.org to read through questions that have been previously posted (and answered) about the career you are researching. When searching, use hashtags that identify the

- career you are learning more about today (Ex. #Nurse-Practitioner)
- key words or phrases that specify what you are asking about(Ex. #Salary-Range)

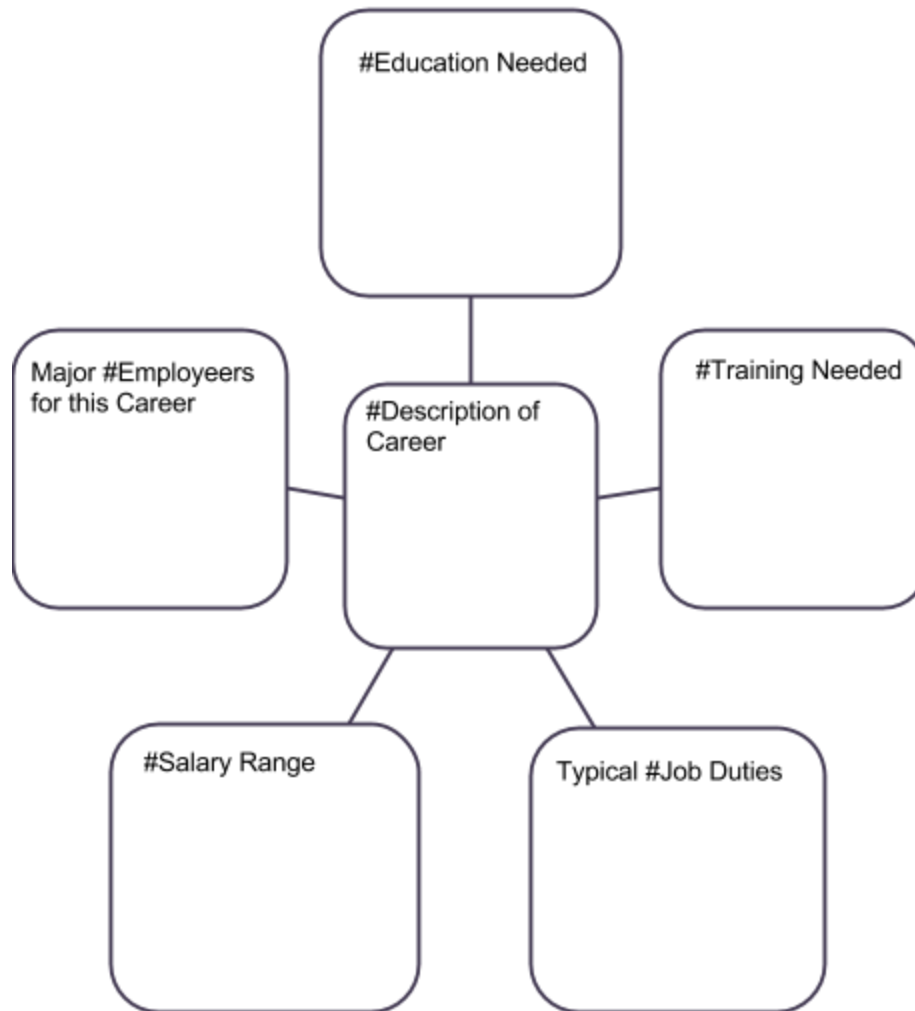

*Remember, multiword #hashtags need to be hyphenated!

Key	
Focus Career	- highlight it
Job Description	- circle it
Job Duties & Responsibilities	- underline it
Job Requirements - (schooling or experiences)	- box it
Things You Need to Research Further	- put a ? next to it

2) Search the internet for any missing information you have not already filled out in the career research table on the next page.

3) Write down your findings from the article you read and your research in the graphic organizer on the back of this page.

Career: _____

Part 3: Summary Paragraph: Describe this career to others!

Using the framing sheet below, create a well-written summary paragraph describing the critical information someone should know about the career you researched. Feel free to use the sentence frames or your own wording when writing your paragraph.
